

Package Index

PyPI - the Python Package Index

The Python Package Index is a repository of software for the Python programming language. There are currently **86529** packages here.

To contact the PyPI admins, please use the **Support** or **Bug reports** links.

Get Packages

To use a package from this index either "**pip** install *package*" (**get pip**) or download, unpack and "python setup.py install" it.

Package Authors

Submit packages with "**python setup.py upload**". The index **hosts package docs**. You may also use the **web form**. You must **register**. Testing? Use **testpypi**.

Infrastructure

To interoperate with the index use the **JSON**, **OAuth**, **XML-RPC** or **HTTP** interfaces. Use **local mirroring or caching** to make installation more robust.

Updated	Package	Description
2016-08-15	atx 1.0.14.dev32	Automation test library for android based on opencv
2016-08-15	pyuarm 1.3.28	A python library for uArm

2016-08-15	sandbox-python-structure 0.0.1	Sandbox for Python project structure

And now for something completely different...

Customer: Now then, some cheese please, my good man.

Owner: (lustily) Certainly, sir. What would you like?

Customer: Well, eh, how about a little red Leicester.

Owner: I'm, a-fraid we're fresh out of red Leicester, sir.
